

COMPLETE

Visa Application Centre Appointment Checklist

United Kingdom - Student Visa, biometric appointment and possible credibility interview

Before your appointment

- Confirm your Visa Application Centre location, date, and time
- Pay the visa fee and Immigration Health Surcharge, and complete the online application in full
- Check whether you're eligible to use the ID Check app instead of attending in person
- Gather your document set (see the Document Checklist)
- Check your specific centre's rules on bags, electronics, and photography

What to bring

Item	Notes
Passport	Valid, with blank pages if a vignette is used for your route
CAS statement	Printed copy, even though the number is already in your application
Appointment confirmation	Printed or on your phone, per the centre's instructions
Financial evidence	Original documents, not just uploaded copies, in case requested
ATAS certificate	If your course requires one
TB test certificate	If required for your country of residence

YOU MAY BE ASKED TO INTERVIEW

Unlike most Standard Visitor applications, some Student visa applicants are invited to a "Genuine Student" credibility interview - by phone, video, or in person - to assess your understanding of your course and your genuine intention to study. Not everyone is interviewed; if you are, it's a standard part of the process, not evidence something is wrong with your application. Be ready to explain your course choice, institution, and study plans clearly and consistently with your application.

At the centre

- Arrive at your booked time
- You'll go through identity verification, fingerprint and photo capture

- If selected for a credibility interview, it may happen separately from the biometric appointment - follow the specific instructions you're given

After your appointment

- Track your application status through the UKVI/gov.uk tracking service if available
- If approved, you'll typically get a digital eVisa - check gov.uk for what applies to your route and create a UKVI account if instructed to
- If refused, see the Refusal Decision Guide (Premium tier)
