

COMPLETE

Pre-Travel Document Checklist

United Arab Emirates - Tourist Visa, before check-in and arrival

Before you travel

- Confirm your e-visa has been approved and you have the printed/PDF document
- Double-check your name, passport number, and dates on the e-visa exactly match your passport
- Confirm your health insurance is active for your full stay
- Print a physical copy of your e-visa in addition to any digital copy - some checks are easier with paper in hand

What to bring

Item	Notes
Passport	Valid, with at least 6 months' remaining validity
Printed e-visa	Your approved visa document from your sponsor
Insurance proof	Certificate or policy document
Return/onward ticket	Commonly checked at check-in for your flight
Accommodation proof	Hotel booking or host details, if relevant
NO INTERVIEW, NO IN-PERSON APPOINTMENT There's no visa interview or in-person appointment for the standard Tourist Visa process - everything happens through your sponsor's channel and, on arrival, at UAE immigration itself.	

At check-in and on arrival

- Airlines check your e-visa and passport validity before boarding - having the wrong or expired document can mean denied boarding, not just a problem on arrival
- A UAE immigration officer verifies your e-visa and stamps your passport with your actual entry date and permitted stay on arrival
- Keep your e-visa document accessible until you've cleared immigration

If something's wrong with your e-visa

- Contact your sponsor immediately if you spot an error (name, dates, passport number) - corrections need to go through them, not you directly
- If your application doesn't succeed, see the Refusal & Reapplication Guide (Premium tier)
